

ANDREW BURKE

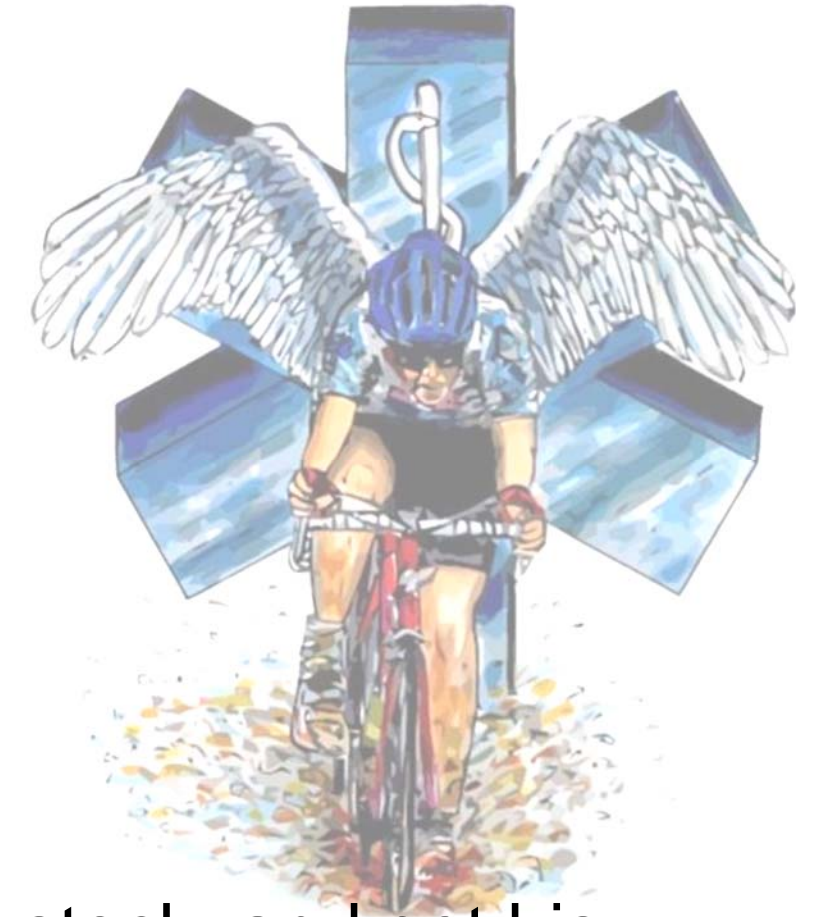

EMT

First Responder EMS Sacramento
Sacramento, CA

End of service: 7/22/2016

Age: 39

Circumstances: Unexpected

Andrew's Contributions in Life:

Andrew would show up to work 45 mins early every day to clean, stock, and get his ambulance ready. He had the same routine, wash his hands, glove up, clean the ambulance from front to back and top to bottom. Andrew provided excellent patient care and showed compassion to every patient in his care. He was also a photographer (winning an award) and an abstract artist. His most prized possession was his LA Dodgers hat; he even bought a smartphone so that he could always keep track of the Dodgers. Andrew was a Great EMT, Artist, and a great friend.
