

# Yelitza Torres

EMT

FDNY EMS

New York, NY

End of Service: 06/22/2022

Circumstances: Cancer

## **Yelitza's Contributions in Life:**

Yelitza proudly joined the FDNY EMS on June 7, 2004. She had such dedication to her job, such compassion, and such a love for what she did, that it didn't seem like work to her. She was assigned to Station 10 in Manhattan, one of the busiest in the New York City. Yelitza bravely and without any hesitation worked through the worst of the pandemic without any regards to her own life. She was a true fighter, who served the department for 18 years and even after being diagnosed with cancer, she continued to work, until she physically couldn't anymore.
