

# Bradley Brown

Paramedic

Butler County EMS

El Dorado, KS

End of Service: 09/25/2009

Circumstances: Mental Illness

## **Bradley's Contributions in Life:**

Bradley started working with Butler County EMS in 1995 as an EMT, soon after he became a Paramedic. Bradley wanted to save everyone, his favorite saying in EMS was "Time is Muscle". He was dedicated to saving lives and was the first at Butler County EMS to have 6 Pre-Hospital Cardiac Life Saves, for which there is now an award named. Bradley started a program collecting canned food for the Salvation Army and others in need around Thanksgiving. This program continues to this day as The Bradley Brown Stuff the Ambulance Food Drive. Bradley Brown inspired everyone he met, giving everything, he had to his patients and those around him.
