

Terry Lee Cassidy

EMR/Firefighter

Sparta Township FD

Cromwell, IN

End of Service: 05/26/2022

Circumstances: Medical Event

Terry's Contributions in Life:

Terry was proud of his own commitment to the Sparta Township Fire Department and led a life full of service and devotion to others. He suffered a heart attack on-duty while providing CPR to a patient. Despite the onset of his own symptoms, he minimized his own needs, a trait he exemplified throughout the entirety of his service-driven life. Terry deeply valued his friendships in the Cromwell community, and he has been considerably missed by loved ones both on the department and around the close-knit, small town. Though greatly missed, he is honorably remembered by his four children and seventeen grandchildren.
