FDNY EMS

Longpond, PA

End of Service: 06/15/2020

Circumstances: Cardiac Event

Doug's Contributions in Life:

Doug began working for the NYC Health & Hospital Corporation on June 16, 1995, as an EMT just prior to the merger of EMS into the FDNY, spending the next 25 years taking care of the residents and visitors to the City of NY. He was a lot of fun to work with, always with a smile on his face. The type of partner who would have your back no matter what the situation, so neither of you would get into trouble. Doug was a first responder at the WTC, spending many months on the rescue and recovery phases.
