

# Tyeler Harris

EMT

Carbon County EMS

Rawlins, WY

End of Service: 12/21/2022

Circumstances: Pedestrian struck on scene

## **Tyler's Contributions in Life:**

Tyler loved his job as an EMT and was an aspiring paramedic and loved his job. He was an all-around country boy who loved shooting guns, fishing, camping, and hunting with his grandparents, father, and boys. He was a talented pancake maker and great hugs. Tyler brought energy to every room he entered with his goofy sense of humor, booming laugh, and contagious smile. He was known for using accents when telling stories and using his unique voice to serenade friends and family. The entertainment center and bottle cap Wyoming state flag shaped table top he built will stand as reminders of his talents.
