

# Alison Russo

Paramedic

FDNY EMS

Brooklyn, NY

End of Service: 09/29/2022

Circumstances: Homicide by stabbing

## **Alison's Contributions in Life:**

Alison was born to serve her fellow man. She was a volunteer at Huntington Volunteer Ambulance Service before she got her dream job with FDNY EMS. She became a paramedic in 2002 and a Lieutenant in 2016. She was a First Responder at the WTC and worked on the rescue and recovery in the months that followed as well as more recently during the pandemic. She was the kindest sweetest person and was known as mom by many. Alison heard something outside the station, when she went to investigate, she was assaulted in an unprovoked attack, where she died of her injuries. She was posthumously promoted to Captain.
