## **Robert's Contributions in Life:**

Robert was a United States Army Combat Engineer Veteran, Firefighter, Paramedic, Dive Medic, and a Strike Team Leader for FEMA's Disaster Response Team. His favorite thing in life was his grandchildren, family, friends, and his work as a public servant. Robert was described as sarcastic, a funny guy, great friend, coworker, teacher, and an amazing paramedic. Whatever he did, he gave it 100%. He was passionate about caring for other people, whether that be in emergent or non-emergent situations. Robert left a huge hole in the lives of many, but his memory will live on in the impacts he made.
