

David T Keller

EMT

AMR

Levittown, NY

End of Service: 3/25/2023

Age: 36

Circumstances: Unknown

David's Contributions in Life:

For David helping others was a calling! At an early age, David took a “likin” to the Fire Department and Emergency Medical Service. Mostly due to seeing and hearing stories from his dad about work. His dad was an EMT for the FDNY EMS in Queens as well as a volunteer firefighter. David would ride his bicycle to the station in Queens to see his dad at work. David later worked for a few local ambulance services and became a volunteer fireman in Levittown. David died unexpectedly at an early age leaving behind a beautiful daughter Aria and many loving relatives and friends.
