Tony's Contributions in Life:

Tony was born in Washington DC and lived in many places, including Maryland, Boston, Detroit, and Santa Fe, NM before moving to Maui in 2006, at 26. He moved to Maui without knowing anyone or having a job, but said he wanted “to live on an island”, so he moved. Prior to moving Tony took CPR and first aid training and when he arrived found a job at a coffee shop and began teaching CPR and first aid on the side. This led him to the EMS field, receiving his EMT license in 2013 and moving to Oahu to work as an EMT. He returned home to Maui in 2019 to work for AMR. Tony helped and befriended many in the homeless community on Maui. He was the kind of person that people were drawn to. Always friendly and welcoming and always up for everything.
