Peter's Contributions in Life:

Peter married the love of his life, Elissa, while they both worked for Hunter's Ambulance. They had a son Samuel in 2022. Peter's greatest achievement in life was his family. He was selfless, motivated, methodical, meticulous, and gave maximum effort in everything. His partners knew that he always had their backs. Peter was a strong advocate for epilepsy, established mental health resources for EMS, and improved cooperation between agencies and first responders. He was a union rep for the IAEMTP as well as a vol firefighter. Peter received the 2021 Service on a Call Award by the Gov of CT. He truly cared about everyone he came across and showed his care with generous gifts, respect, and acts of service. He is sorely missed.
