Kameilia's Contributions in Life:

Kami radiated warmth, kindness, and purpose in every part of her life. A devoted wife to Israel for nine years, she was a deeply loving mother to Zachary and Jacob, whom she homeschooled with patience, creativity, and joy, often saying she was born to be a mom. Her nursing career reflected her calling to care for others, working in both emergency rooms and as a flight nurse, where she brought calm, skill, and compassion into critical moments. Kami embraced faith in Jesus, non-traditional education, and the belief that every life matters. She lived her mission daily, driven by a desire to reach and care for the most vulnerable.
