Noah was a traveler at heart who found joy exploring the outdoors across Malaysia, Indonesia, Cambodia, Thailand, Borneo, and Sweden. Music became a defining passion once discovered, especially marching band, which he fully embraced. At Florida State University, he graduated magna cum laude with a B.S. in Psychology and went on to pursue research in transcranial magnetic stimulation, leaving a meaningful academic impact, with a colleague noting, "Without Noah, I would not have received my doctorate." In 2024, he joined Leon County EMS, where he quickly found purpose in serving others. Known for his quick wit and playful pranks, he was deeply loved by all who knew him. He is survived by his parents, Quinn and Justin, and siblings Patrick and Caroline.
